**Statement accompanying the Submission of a Replacement Sequence
Listing Paper Copy and Computer-Readable Form Under 37 CFR §1.825**

Sir:

Transmitted herewith please find a replacement Sequence Listing paper copy and a diskette containing the same Sequence Listing in computer readable form (CRF). The accompanying Sequence Listing is submitted to replace the Sequence Listing filed with the original U.S. national phase application papers on October 21, 2005.

In response to a notice to comply with requirements for patent applications containing nucleotide and/or amino acid sequence disclosures dated August 23, 2006, Applicants submit this replacement sequence listing wherein the SEQ ID numbers begin with 1 and increase sequentially by integer.

Applicants hereby verify the following:

1. The paper copy of the Sequence Listing and the computer readable form of the Sequence Listing submitted herewith are the same in content, as required by 37 CFR §1.825(b);

2. Only the SEQ ID numbers have been changed from the originally submitted Sequence Listing, and no sequence information contained in the Sequence Listing has been changed. Therefore, the enclosed Sequence Listing and CRF for the above-identified patent application contain no new matter and do not go beyond the original disclosure of the application, as required by 37 CFR §1.825(a).

Replacement of the former paper copy and CRF of the Sequence Listing with the paper copy and CRF submitted herewith is requested. Examination of the application on the merits is thereafter respectfully requested.

**RESPONSE TO NOTIFICATION TO COMPLY WITH REQUIREMENTS FOR PATENT
APPLICATIONS CONTAINING NUCLEOTIDE AND/OR AMINO ACID SEQUENCE
DISCLOSURES**

Sir:

In response to a Notification mailed August 23, 2006, Applicants submit herewith a replacement sequence listing in compliance with 37 CFR §§1.821-1.825. Entry of the sequence listing is respectfully requested.

SUBSTITUTE SEQUENCE LISTING AND COMPUTER READABLE FORM

Applicants submit an amended Sequence Listing in the form of a Substitute Sequence Listing, sheets 1-3 (containing all SEQ ID NOS: 1-7) to replace the Sequence Listing which was part of the original application but which was objected to as failing to conform to current regulations. The specific sequences of SEQ ID NOS: 1-7 in Substitute Sequence Listing sheets 1-3 are identical to those in the originally filed Sequence Listing and no sequence information has been changed. The SEQ ID numbers were amended to begin with 1 and increase sequentially by integer. A Supplemental Preliminary Amendment is submitted concurrently with this paper, directing the Commissioner to delete the original Sequence Listing and to insert the Substitute Sequence Listing. A copy of the Substitute Sequence Listing in computer readable form also accompanies this paper.

1

Applicants respectfully request entry of the enclosed Sequence Listing and computer readable form to complete the formal requirements for this application.

Respectfully submitted,
